ON March 31 2026  
UNTIL April 30 2026

### NOTICE OF EXEMPTION

REGISTRAR - RECORDER/COUNTY CLERK

**TO:** Registrar-Recorder/County Clerk  
County of Los Angeles  
Business Filings and Registration  
P.O. Box 1208  
Norwalk, CA 90650-1208

**FROM:** LA County Flood Control District  
Stormwater Maintenance Division  
900 South Fremont Avenue  
Alhambra, CA 91803-1331

**Project Title**

El Dorado Pump Station Rehabilitation Project

**Project Location - Specific:**

The El Dorado Pump Station (PS) is located in El Dorado Park West, along Spring Street and the San Gabriel River, Long Beach, California.

**Project Location - City:**

Long Beach

**Project Location - County:**

Los Angeles

**Description of Nature, Purpose, and Beneficiaries of Project**

The proposed El Dorado PS Rehabilitation project includes the rehabilitation and upgrade to the major mechanical equipment, electrical equipment, driveway, and other appurtenances of the PS. Much of the work will be performed within the interior of the PS or in its immediate right of way.

**Name of Public Agency Approving Project:**

Los Angeles County Flood Control District

**Name of Person or Agency Carrying out Project:**

Los Angeles County Flood Control District

**Exempt Status (check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State Type and section number: State CEQA Guidelines Section 15301 (a), (b), (d), and (f); Section 15302 (c); Section 15303 (d); and Class 1 (d), (e), (i), and (l), Class 2 (c) and (e), and Class 3 (c) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G.
- Statutory Exemption. Section 15262

**Reasons why project is exempt:**

The project is exempt from CEQA, per State CEQA Guidelines Section 15301, 15302, and 15303, because the project involves the replacement and upgrade to components at the existing PS facilities, including the existing pumps, electronic control and monitoring system, communication systems, and improved maintenance access for personnel safety at the PS facility. Reliable standby pumping performance and efficient electrical control operations are crucial in providing flood control and protection for the local community. The PS facility will remain in the same location and the replacements and upgrades will serve the same purpose and capacity as the original equipment. There is no change to the existing use of the facility.

### NOTICE OF EXEMPTION

Dean C. Logan, Registrar - Recorder/County Clerk

Electronically signed by CYNTHIA ESTRADA

Additionally, the project is not located in a sensitive environment and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste sites pursuant to Government Code Section 65962.5, or indications that the project may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable based on the record of the proposed activities.
